PROGRAMMING:

EXPERIENCE:

Python Wrapper:

- Created a project wrapped with python that scripts 4 different languages (C++, Haskell, MATLAB, and Prolog) to perform different tasks to manipulate a PNG and output different versions of said PNG.

Snake with Java

- Programmed the game snake to enhance my general understanding of the Java programming language.

Calculator with Java

- Basic calculator created with Java to also enhance basic understanding of object-oriented programming.

Classes Completed

- Classes completed include Introductory and Intermediate Java, Computer Architecture, Data Structures, Algorithms, Advanced Programming Languages, A.I., Software Systems, and Wireless Networks.

EDUCATION:

San Diego State University

2020-Present

Bachelor of Science in Computer Science [In-Progress]

Imperial Valley College

2015 - 2020

AA Pre-Engineering (Transferred)
